PROFILE

Full Stack Developer skilled in Laravel, React, Next.js, Node.js, and React Native, with experience in developing web and mobile applications from concept to deployment. Adept at API development, database management, and UI/UX implementation. Committed to writing efficient code and continuously learning new technologies.

EDUCATION

- 2016-2020
DAFFODIL INTERNATIONAL
UNIVERSITY
- BSc In CSE

WORK EXPERIENCE

- 2024 - PRESENT
Pitor
Full Stack developer
https://pitor.net/
 - Developed and maintained scalable web applications using Laravel, React.js, and Node.js, ensuring high performance and responsiveness.
 - Designed and implemented RESTful APIs to enable seamless communication between frontend and backend systems.
 - Collaborated with UI/UX designers and backend teams to translate business requirements into functional, user-friendly features.
 - Participated in code reviews, debugging, and testing to maintain code quality and minimize production issues.

- 2026 - PRESENT
Interex IT
Full Stack developer
 - Designed, developed, and maintained robust RESTful APIs using Laravel and Node.js/Express, serving both web and mobile applications.
 - Architected and optimized database schemas (MySQL/PostgreSQL/MongoDB) for scalability, data integrity, and performance.
 - Implemented authentication and authorization systems (JWT, Laravel Sanctum/Passport) to ensure secure access control.
 - Optimized backend performance through query optimization, caching (Redis), and efficient code structuring, reducing API response time significantly.
 - Wrote and maintained clean, testable code following MVC architecture and best practices (SOLID principles, PSR standards).
 - Managed server deployment and version control using Git, ensuring smooth CI/CD workflows.

SKILLS

- Git & GitHub
- Postman
- Docker
- Server Management
- Socket , Web RTC
- Database Management

LANGUAGES

- Bangla
- English(basic)

SOFT SKILLS

- Problem-solving
- Time management
- Team Collaboration.

KEY PROJECT

- Automation Payment Gateway → <https://trustpaybd.net/>
 - Laravel, Native Android, Desktop Apps
- Internationally Recharge Solution → <https://pro.irecharge.net/>
 - Laravel, Node JS
- Domain Hosting Business Site → <https://pitor.net/>
 - Laravel
- Learning Platform → <https://learnwithnoman.com/>
 - Next JS (Inertia) Laravel
- Live Audio streaming calling apps → tukolove.com
 - Flutter, Node JS, WEB Rtc , Laravel, Agora
- Ludo Game
 - Laravel, Node JS, Unity

KEY PROJECT

- Technical Skills: Laravel, React.js, Socket.io, RESTful APIs, WebSocket, Eloquent ORM, MySQL, Redis, Git, HTML, CSS, JavaScript. Real-Time Systems:
- Experience in building chat applications, notifications, collaborative dashboards, and multiplayer game features
- . Game Integration: Integrated web-based games with scoring systems, leaderboards, matchmaking, and real-time updates.
- Problem-Solving: Strong skills in debugging, performance optimization, and secure application development. Soft
- Skills: Team collaboration, Agile methodology, time management, and effective communication.
